Getting to know someone of another race is generally an uncomfortable experience for me.

I would like to go to events that feature music, food, or traditions from other countries.

I can best understand someone after I get to know how he/she is both similar to and different from me.

It's really hard for me to feel close to a person from another race.

I am interested in learning about the many cultures that have existed in this world.

In getting to know someone, I like knowing both how he/she differs from me and is similar to me.

It is very important that a friend agrees with me on most issues.

I attend events where I might get to know people from different racial backgrounds.

Knowing about the different experiences of other people helps me understand my own problems better.
