Independent Auditor's Report

Board of Directors Eastern Illinois University Foundation Charleston, Illinois

We have audited the accompanying basic financial statements of Eastern Illinois University Foundation, a component unit of the State of Illinois and Eastern Illinois University, (the Foundation), as of and for the years ended June 30, 2011 and 2010, which comprise the Foundation's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Foundation's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to previously present fairly, in all material respects, the financial position of the Foundation, as of June 30, 2011 and 2010, and the respective changes in financial position, and cash flows, thereof for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated January 30, 2012, on our consideration of the Foundation's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 7-15 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Certified Public Accountants & Business Advisers 1601 LAFAYETTE AVENUE MATTOON, ILLINOIS 61938

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards* 

Board of Directors Eastern Illinois University Foundation Charleston, Illinois

We have audited the accompanying basic financial statements of Eastern Illinois University Foundation, Inc., a component unit of the State of Illinois and Eastern Illinois University, (the Foundation), as of and for the years ended June 30, 2011 and 2010, which comprise the Foundation's basic financial statements and have issued our report thereon dated January 30, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

### Internal Control Over Financial Reporting

Management of the Foundation is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing our audit, we considered the Foundation's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Foundation's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Foundation's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the Foundation's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above. However, we identified certain deficiencies in internal control over financial reporting, described in the accompanying schedule of findings that we consider to be significant deficiencies in internal control over financial reporting. (11-01) A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Foundation's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying schedule of findings as item 11-01.

The Foundation's response to the findings identified in our audit is described in the accompanying schedule of findings. We did not audit the Foundation's response and, accordingly, we express no opinion on it.

We noted certain matters that we reported to management of the Foundation, in a separate letter dated January 30, 2012.

This report is intended solely for the information and use of the Foundation's Board of Directors, management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

Doehring, Windere & Co. LLP

January 30, 2012

### SCHEDULE OF FINDINGS

Year Ended June 30, 2011

## 11-01 CONTRIBUTION AND PLEDGE RECEIVABLE ERRORS

The Foundation did not maintain proper control over the recording or collection of pledge receivables initiated by the "EI&U: The Campaign for Eastern" fundraising efforts and gifts received during fiscal year 2011.

The Foundation failed to properly record and monitor pledge receivables and gifts resulting in the following discrepancies:

- Based on testing performed on campaign pledge receivables, \$6,500 in payments were not subtracted from the pledge receivable balance causing the pledge receivable balance to be overstated at June 30, 2011.
- One case was noted where a donor's records showed he had paid \$1,000 towards his pledge receivable balance while the Foundation's records only showed that he had paid \$500. The discrepancy was noted by the Foundation during fiscal year 2011 but was never followed up on.
- A gift in the amount of \$25,812 was incorrectly recorded as a Foundation gift in the prior period.
   This gift was to be for the University and was transferred to the University during the current year.

Good principles of internal control require that all pledges be recorded in an accurate and timely manner and the purpose of donation payments be accurately identified, so that the payments received can be properly posted.

According to Foundation personnel, the above situations occurred due to poor communications among staff members.

The failure to properly record and classify payments received on pledges and as—gifts could cause the Foundation to report inaccurate financial information within their financial statements. (Finding Code No. 11-01)

#### RECOMMENDATION

We recommend that the University and Foundation maintain adequate communication so that gifts, receivables, and related payments are accurately identified and properly recorded.

#### **FOUNDATION RESPONSE**

The University and Foundation will work to develop processes that will improve tracking of receivables and related payments.

### MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Eastern Illinois University Foundation (the Foundation) annual financial report presents management's discussion and analysis of the financial performance of the Foundation during the fiscal years ended June 30, 2011 and 2010. This discussion should be read in conjunction with the accompanying financial statements and footnotes. The financial statements, footnotes and this discussion are the responsibility of Foundation management.

#### Reporting Entity

The Eastern Illinois University Foundation is a non-profit corporation and is considered to be a component unit of the State of Illinois and Eastern Illinois University (the University), as defined by the Governmental Accounting Standards Board Statement No. 39. This statement defines component units as organizations where the "substance and significance of the relationship between the organization and the primary government (or its component units) would be such that the exclusion of that organization from the reporting entity's financial statements would render those statements misleading or incomplete." Accordingly, the Foundation is included in the University's financial statements as a discrete component unit.

The Eastern Illinois University Foundation was incorporated in 1953, under the laws of the State of Illinois, as a not-for-profit organization. The Foundation is to assist and support the University's educational and cultural mission through encouraging philanthropic gifts of money, property, works of art, and other materials having educational, artistic, or historical value. These gifts are to be administered with the primary objective of serving purposes other than those for which the State of Illinois ordinarily makes sufficient appropriations. Transactions with the University of cash, services and resources, unrestricted or restricted only as to department, were generally for on-going operations of the University.

### **Using the Annual Report**

These financial statements are prepared in accordance with the guidance found in the statements issued by the Governmental Accounting Standards Board (GASB), including GASB Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments; GASB Statement No. 35, Basic Financial Statements - and Management's Discussion and Analysis - for Public Colleges and Universities; GASB Statement No. 37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus; GASB Statement No. 38, Certain Financial Statement Note Disclosures; and GASB Statement No. 39, Determining Whether Certain Organizations are Component Units. These statements focus on the financial condition of the Foundation, the results of operations and cash flows of the Foundation as a whole.

As prescribed by GASB Statement No. 35, this annual report includes three financial statements: the Statements of Net Assets, the Statements of Revenues, Expenses and Changes in Net Assets, and the Statements of Cash Flows. The accompanying notes to the financial statements provide more detailed information regarding the items presented on the face of the financial statements. An explanation of the financial statement presentation follows.

### MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

### Using the Annual Report, continued

The Statements of Net Assets reflects the assets and liabilities of the Foundation using the accrual basis of accounting and presents the financial position of the Foundation at a specified point in time. The difference between total assets and total liabilities, known as net assets, is one indicator of the current financial condition of the Foundation. The increase or decrease in net assets that occurs over time indicates the improvement or erosion of the Foundation's financial condition.

The Statements of Revenues, Expenses and Changes in Net Assets presents the revenues earned and expenses incurred during the fiscal year. Revenues and expenses are reported as either operating or nonoperating. Under this reporting model, gifts to the Foundation are considered operating revenues, while investment income is considered nonoperating revenue. Additionally, payments for scholarships, distributions to beneficiaries and grants to the University are treated as nonoperating expenses.

The Statements of Cash Flows presents information related to cash inflows and outflows summarized by operating, noncapital financing, capital and related financing and investing activities.

#### **Financial Highlights**

The Foundation's financial position increased during the fiscal year ended June 30, 2011. Total net assets increased by approximately \$8.9 million (18.5%) from June 30, 2010. This is attributable to various factors. The fair value of investments increased by approximately \$6.8 million; the Foundation received approximately \$1.3 million in additional permanent endowments; with gifts and other operating revenues exceeded operating expenses by \$1.8 million during fiscal year 2011.

The increase in the change in net assets between fiscal years 2011 and 2010 was approximately \$4.1 million. The main reason for this increase was the \$3.0 million increase in net investment income between 2011 and 2010.

The Foundation's financial position increased during the fiscal year ended June 30, 2010. Total net assets increased by approximately \$4.8 million (11.05%) from June 30, 2009. This is attributable to various factors. The fair value of investments increased by approximately \$4.3 million; the Foundation received approximately \$1.1 million in additional permanent endowments; with gifts and other operating revenues exceeded operating expenses by \$1.1 million during fiscal year 2010.

The increase in the change in net assets between fiscal years 2010 and 2009 was approximately \$12.2 million. The main reason for this increase was the \$11.9 million increase in net investment income between 2010 and 2009.

## MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

#### **Condensed Financial Information**

Condensed Statement of Net Assets, June 30:

Condensed Statement of Methodally Const	2011	2010	2009
ASSETS			 
Current assets	\$ 6,641,640	\$ 6,083,865	\$ 5,762,465
Noncurrent assets:			
Capital assets, net of accumulated depreciation Other	 1,871,787 57,598,213	1,900,430 48,637,146	 1,929,073 43,804,608
Total noncurrent assets	 59,470,000	50,537,576	45,733,681
Total assets	\$ 66,111,640	\$ 56,621,441	\$ 51,496,146
LIABILITIES  Current liabilities  Noncurrent liabilities  Total liabilities  NET ASSETS	\$ 1,616,841 7,073,485 8,690,326	\$ 1,684,247 6,464,328 8,148,575	\$ 1,678,108 6,168,945 7,847,053
Invested in capital assets, net of related debt Restricted for: Nonexpendable endowment Expendable Unrestricted	484,549 35,739,020 20,736,974 460,771	463,192 34,177,143 13,330,054 502,477	491,835 33,073,915 9,564,138 519,205
Total net assets Total liabilities and net assets	\$ 57,421,314 66,111,640	\$ 48,472,866 56,621,441	\$ 43,649,093 51,496,146

At June 30, 2011, total current assets of approximately \$6.6 million included approximately \$3.3 million of cash and cash equivalents and \$2.9 million of investments. This is an approximate \$.4 million increase between 2011 and 2010.

The Foundation's largest noncurrent assets for June 30, 2011, are its endowment investments of approximately \$35.2 million and restricted long-term investments of approximately \$21.7 million. The approximate \$8.7 million increase in noncurrent investments between 2011 and 2010 can be mainly attributed to the increase in fair value of investments of approximately \$6.8 million.

At June 30, 2010, total current assets of approximately \$6.1 million included approximately \$3.5 million of cash and cash equivalents and \$2.5 million of investments. This is an approximate \$0.3 million increase between 2010 and 2009.

### MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

### Condensed Financial Information, continued

The Foundation's largest noncurrent assets for June 30, 2010, are its endowment investments of approximately \$33.7 million and restricted long-term investments of approximately \$14.5 million. The approximate \$4.9 increase in noncurrent investments between 2010 and 2009 can be mainly attributed to the increase in fair value of investments of approximately \$4.3 million.

The Foundation's liabilities at June 30, 2011, total approximately \$8.7 million. Of this balance, approximately \$7.3 million is the actuarial value of estimated future payments to beneficiaries of annuities and unitrusts plus the assets held by the Foundation as trustee. Liabilities also consist of an approximate \$1.4 million demand mortgage note payable on the Neal Welcome Center.

The Foundation's liabilities at June 30, 2010, total approximately \$8.1 million. Of this balance, approximately \$6.7 million is the actuarial value of estimated future payments to beneficiaries of annuities and unitrusts plus the assets held by the Foundation as trustee. Liabilities also consist of an approximate \$1.4 million demand mortgage note payable on the Neal Welcome Center.

The Foundation's current assets of approximately \$6.6 million for June 30, 2011, were sufficient to cover current liabilities of approximately \$1.6 million. The ratio of current assets to current liabilities is \$4.11 in current assets for every \$1 in current liabilities for fiscal year 2011.

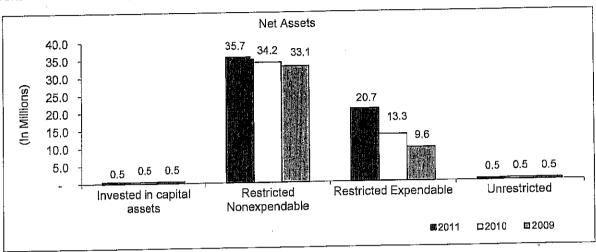

The Foundation's current assets of approximately \$6.1 million for June 30, 2010, were sufficient to cover current liabilities of approximately \$1.7 million. The ratio of current assets to current liabilities is \$3.61 in current assets for every \$1 in current liabilities for fiscal year 2010.

The Foundation's total net assets at June 30, 2011, totaled approximately \$57.4 million, a \$8.9 million increase over total net assets of \$48.5 million at June 30, 2010. Net assets classified as "invested in capital assets, net of related debt" remained approximately the same for 2011. Net assets classified as "restricted, nonexpendable endowment" increased by approximately \$1.6 million from 2010 to 2011 due mainly to the endowment gifts received during fiscal year 2011. Net assets classified as "restricted, expendable" increased by approximately \$7.4 million from 2010 to 2011, the result of the increase in fair value of investments and a decrease in the grants to the University.

The Foundation's total net assets at June 30, 2010, totaled approximately \$48.5 million, a \$4.9 million increase over total net assets of \$43.6 million at June 30, 2009. Net assets classified as "invested in capital assets, net of related debt" remained approximately the same for 2010. Net assets classified as "restricted, nonexpendable endowment" increased by approximately \$1.1 million from 2009 to 2010 due mainly to the endowment gifts received during fiscal year 2010. Net assets classified as "restricted, expendable" increased by approximately \$3.8 million from 2009 to 2010, the result of the increase in fair value of investments and a decrease in the grants to the University.

## MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

#### **Operating Revenues**

Total operating revenues were \$2.9 million and \$2.0 million for the years ended June 30, 2011 and 2010, respectively. The most significant source of revenue were gifts of \$2.3 million in 2011 and \$1.4 million in 2010, as shown below:

#### Gifts

The Foundation receives gifts from many sources and for many purposes. There are gifts from telefund drives which are usually used by the University for current operations and scholarships; gifts for various projects such as the Neal Welcome Center, Tarble Arts Center renovation, Old Main renovation and the Commemorative Courtyard; and planned (deferred) giving gifts by donors used in estate planning. Currently, EIU is in the middle of a capital campaign and the Foundation has received several gifts as a result of those solicitations. Gifts of permanent endowments for scholarships or to support programs and departments are shown after the nonoperating section of the statement.

During fiscal year 2011, there was a total of approximately \$2.3 million of unrestricted and restricted gifts and approximately \$1.3 million of additions to permanent endowments. There were no deferred gifts donated to the Foundation this year.

During fiscal year 2010, there was a total of approximately \$1.4 million of unrestricted and restricted gifts and approximately \$1.1 million of additions to permanent endowments. There were no deferred gifts donated to the Foundation this year.

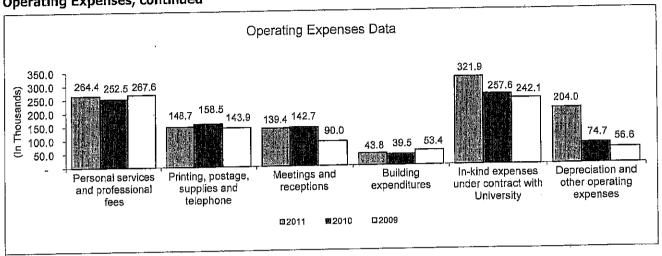

#### **Operating Expenses**

Operating expenses for fiscal year 2011, including depreciation of \$28,643, totaled \$1,122,220. Of this total, \$264,398 or 23.4% was for personal services and professional fees, and \$321,856 or 28.7% was in-kind expenses under contract with the University.

Operating expenses for fiscal year 2010, including depreciation of \$28,643, totaled \$925,575. Of this total, \$252,522 or 27.3% was for personal services and professional fees, and \$257,648 or 27.8% was in-kind expenses under contract with the University.

## MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

### Operating Expenses, continued

#### Other

Nonoperating revenues (expenses) for fiscal year 2011 consisted of investment income, actuarial adjustments, scholarships to students and grants to the University. The \$3.2 million increase in nonoperating income (expenses) between 2011 and 2010 is mainly due to the increase in investment income (which includes dividend and interest income and the change in the fair value of investments) of approximately \$3.0 million. During fiscal year 2011, the Foundation awarded 818 scholarships totaling \$809,851 and made grants to the University of approximately \$1.4 million. As noted previously, there was approximately \$1.3 million of additions to permanent endowments.

Nonoperating revenues (expenses) for fiscal year 2010 consisted of investment income, actuarial adjustments, scholarships to students and grants to the University. The \$12.0 million increase in nonoperating income (expenses) between 2010 and 2009 is mainly due to the increase in investment income (which includes dividend and interest income and the change in the fair value of investments) of approximately \$11.9 million. During fiscal year 2010, the Foundation awarded 821 scholarships totaling \$884,338 and made grants to the University of approximately \$1.6 million. As noted previously, there was approximately \$1.1 million of additions to permanent endowments.

### The Statement of Cash Flows

## MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

## The Statement of Cash Flows, continued

For fiscal year 2011, the major source of funds included in operating activities is cash gifts of \$1.6 million. The major use of funds included in noncapital financing activities are grants to the University of \$1.4 million, a decrease from 2010 of \$204,869 due mainly to the timing of transfer requests by University departments. Other major uses of funds are scholarships of \$813,099 and distributions to deferred giving beneficiaries of \$215,013. The net uses of capital and related financing activities of \$124,670 includes a \$74,670 payment of interest and a \$50,000 payment of principal on the Neal Welcome Center mortgage note. The major sources of funds from investing activities are the investment income receipts of approximately \$1.5 million, an increase from fiscal year 2010 because of an increase on returns on investments, and the proceeds from the sale of investments of approximately \$1.6 million. The major use of funds included in investing activities in 2011 is the purchase of investments of approximately \$3.3 million, a decrease of approximately \$1.6 million from 2010 mainly due to a decrease in investment trading activities.

For fiscal year 2010, the major source of funds included in operating activities is cash gifts of \$1.4 million. The major use of funds included in noncapital financing activities are grants to the University of \$1.6 million, a decrease from 2009 of \$128,636 due mainly to the timing of transfer requests by University departments. Other major uses of funds are scholarships of \$883,380 and distributions to deferred giving beneficiaries of \$205,966. The net uses of capital and related financing activities of \$82,496 is payment of interest on the Neal Welcome Center mortgage note. The major source of funds included in investing activities are the investment income receipts of approximately \$1.0 million, a decrease from fiscal year 2009 because of a decline on returns on investments, and the proceeds from the sale of investments of approximately \$3.9 million. The major use of funds included in investing activities in 2010 is the purchase of investments of approximately \$4.9 million, an increase of approximately \$2.8 million from 2009 mainly due to an increase in investment trading activities.

### The Foundation's Economic Outlook

The Foundation's operations are supported by a variety of revenue sources, including the contract with the University, a trust distribution, administrative fees generated from investments, and earnings from endowment funds restricted for Foundation operations. The Board has approved an increase in the administrative fee assessed on the trusts, moving from .75% to 1.0% for FY11, FY12 and FY13, and then to 1.25% in FY14 and thereafter. The University is currently in the middle of a major campaign with a goal of \$50 million, which should add significantly to the revenues for Foundation operations in the next couple of years.

The Neal Welcome Center, built in 2002, is beginning to incur minor repair and maintenance expenses as use of the facility increases and the building ages. The Board has established a reserve for deferred maintenance to cover expenses for the future upkeep of the building. The Board annually evaluates the expense side of the budget, and is prudent on how it allocates and where it spends resources available for its operations. As part of this annual review, the Board also evaluates its cash reserves and cash flow to determine if partial payment to the principal of the building loan will effectively reduce the interest expense. A \$50,000 payment to principal in August 2010 and a renegotiation of the interest rate from 5.75% to 5.25% will save the Foundation about \$9,800 per year. The renegotiation of the interest rate extended the note's due date from October, 2011 to August, 2014.

# MANAGEMENT'S DISCUSSION AND ANALYSIS, CONTINUED

## The Foundation's Economic Outlook, continued

Due to the asset allocation recommended by the investment consultants and approved by the Investment Committee, the endowment's fiscal year increase in investment value of 21.5% was better than the estimated median NACUBO's institution increase of 21%. The Committee executed several portfolio changes during the fiscal year to reduce risk but still maintained an 8.5% long-term expected return. Investments were made to tilt equity porfolios towards large capitalization and dividend paying stocks, which tend to have lower risk profiles.

**Note--**The Eastern Illinois University Foundation is not required to present budgetary comparison information that the Government Accounting Standards Board has determined is necessary to supplement, although not required to be a part of, the basic financial statements because the Eastern Illinois University Foundation is not legally required to adopt a budget.

#### NOTES TO THE FINANCIAL STATEMENTS

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

## 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A summary of the significant accounting policies applied in the accompanying financial statements are as follows:

#### Nature of Operations

Eastern Illinois University Foundation (the Foundation), located in Charleston, Illinois, was incorporated under the laws of the State of Illinois as a not-for-profit organization. The primary function of the Foundation is to assist in developing and increasing the facilities of Eastern Illinois University for broader educational opportunities for its students, alumni, and citizens of the State of Illinois by encouraging gifts of money, property, works of art, and other materials having educational, artistic, or historical value. These gifts are to be administered with the primary objective of serving purposes other than those for which the State of Illinois ordinarily makes sufficient appropriations.

### Financial Reporting Entity

The financial reporting entity is defined by the Governmental Accounting Standards Board (GASB) Statement No. 14, *The Financial Reporting Entity*. The financial reporting entity consists of the primary government, as well as component units, which are legally separate organizations for which the primary government is financially accountable. It also includes other component units whose exclusion would cause the reporting entity's financial statements to be misleading or incomplete.

A primary government is financially accountable for a component unit if it appoints a voting majority of the organization's governing body and (1) is able to impose its will on that organization or (2) there is a potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the primary government. The primary government may also be financially accountable if an organization is fiscally dependent on the primary government.

In addition, GASB Statement No. 39, *Determining Whether Certain Organizations Are Component Units* (an amendment of GASB Statement No. 14, *The Financial Reporting Entity*) increased the factors to consider when determining if a component unit should be included in the financial reporting entity of a primary government.

As stated in GASB Statement No. 39, Determining Whether Certain Organizations are Component Units, a legally separate organization should be considered a component unit of the primary government if the following three factors are met. 1) The separate organization's economic resources are almost entirely held for the direct benefit of the primary government. 2) The primary government is entitled to or has access to the majority of the resources held or received by the separate organization. 3) The resources held or received by the separate organization are significant to the primary government.

Based upon these factors management considers the Foundation to be a component unit of Eastern Illinois University and the State of Illinois. The Foundation believes it has no component units as defined by GASB Statement No. 14, *The Financial Reporting Entity* as amended.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Financial Statement Presentation

The Foundation has adopted the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments; GASB Statement No. 35, Basic Financial Statements - Management's Discussion and Analysis - for Public Colleges and Universities; GASB Statement No. 37, Basic Financial Statements and Management's Discussion and Analysis for State and Local Governments: Omnibus; and Statement No. 38, Certain Financial Statement Note Disclosures. The financial statements of the Foundation have been prepared in conformance with these statements.

#### Basis of Accounting

For financial reporting purposes, the Foundation is considered a special-purpose government engaged only in business-type activities. Accordingly, the Foundation's financial statements have been presented using the economic resources measurement focus and accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred.

The Foundation has the option to apply all Financial Accounting Standards Board (FASB) pronouncements issued after November 30, 1989, unless FASB conflicts with GASB. The Foundation has elected to not apply FASB pronouncements issued after the applicable date.

#### Cash Equivalents

For purposes of the statements of cash flows, the Foundation considers all highly liquid investments with an original maturity of three months or less to be cash equivalents. Funds invested through the Illinois Funds are considered cash equivalents.

#### Investments

The Foundation accounts for its investments at fair value in accordance with GASB Statement No. 31, Accounting and Financial Reporting for Certain Investments and for External Investment Pools. Changes in the unrealized gain (loss) on the carrying value of investments are reported as a component of investment income in the Statements of Revenues, Expenses and Changes in Net Assets. Additionally, as a result of the adoption of GASB No. 52, all land held by endowments is valued at fair value. All other investments in land are valued at historical cost.

#### Restricted Assets

Restricted assets consist of cash and investments that are externally restricted by outside sources. Restricted assets are classified as either current or noncurrent assets in the Statements of Net Assets depending upon when the assets become available for use.

#### Capital Assets

Capital assets are recorded at cost at the date of acquisition, or fair market value at the date of donation in the case of gifts. The Foundation's capitalization threshold for capital assets is as follows: equipment \$5,000 or greater, land \$100,000 or greater, buildings \$100,000 or greater and building improvements \$25,000 or greater.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

### Capital Assets, continued

Renovations to buildings and equipment that significantly increase the value or extend the useful life of the asset are capitalized. Routine repairs and maintenance are charged to operating expense in the year in which the expense was incurred.

Depreciation is computed using the straight-line method over the estimated useful lives of the assets, generally 50 years for buildings, 15 to 20 years for building improvements and 4 to 7 years for equipment.

#### Noncurrent Liabilities

Noncurrent liabilities include the following: the portion of the annuities payable that will come due in more than one year and amounts due to others that the Foundation will pay out in more than one year.

#### Panther Club

The purpose of the Panther Club, a division of the Foundation, is to raise funds for the University's Athletic Department. The amounts raised are recorded as gifts. The costs of the Panther Club are paid through its fundraising activities.

#### Net Assets

The Foundation's net assets are classified as follows:

*Invested in capital assets, net of related debt:* This represents the Foundation's total investment in capital assets, net of outstanding debt obligations related to those capital assets.

Restricted net assets-nonexpendable: Nonexpendable restricted net assets consist of endowment and similar type funds in which donors or other outside sources have stipulated, as a condition of the gift instrument, that the principal is to be maintained inviolate and in perpetuity, and invested for the purpose of producing present and future income, which may either be expended or added to principal.

Restricted net assets-expendable: Restricted expendable net assets include resources in which the Foundation is legally or contractually obligated to spend in accordance with restrictions imposed by external third parties.

*Unrestricted net assets:* Unrestricted net assets represent resources derived from administrative fees charged, unrestricted gifts, agreement with the University and various other sources of revenue. These resources are used for transactions relating to the general operations of the Foundation, and may be used at the discretion of the governing board to meet current expenses for any purpose.

When an expense is incurred that can be paid using either restricted or unrestricted resources, the fiscal agent of the Foundation account uses his discretion in deciding which resources to apply.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 1 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - Continued

#### Income Taxes

The Foundation is a non-profit corporation and is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code and has been determined not to be a private Foundation.

### Gifts of Future Interests

The Foundation records gifts of future interests net of the actual present value of payments required to be made to the donors.

#### Classification of Revenues

The Foundation has classified its revenues as either operating or nonoperating revenues according to the following criteria:

Operating revenues: Operating revenues include activities that have the characteristics of exchange transactions or that are part of the Foundation's mission to raise funds for the University such as (1) gifts, (2) service contract with the University and (3) development activities sponsored for Athletics.

Nonoperating revenues: Nonoperating revenues include activities that have the characteristics of nonexchange transactions, such as investment income and other revenue sources that are defined as nonoperating revenues by GASB No. 9, Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting.

#### Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and contingent assets and liabilities at the date of the financial statements. Actual results could differ from those estimates.

# 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS

A reconciliation of cash and investments as shown on the June 30, 2011 and 2010 Statements of Net Assets are as follows:

### Cash and Cash Equivalents

The Foundation's cash deposits mainly represent funds held by the University in the Illinois Funds. The Illinois Funds are pooled short term fully collateralized money market accounts administered by the Treasurer of the State of Illinois. The Foundation also maintains deposits at those depository institutions authorized by the Foundation Board of Directors. These deposits are fully covered by Federal Depository Insurance.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS - Continued

#### **Investments**

The Foundation is authorized by the Board of Directors to invest funds in compliance with stated investment policies. All other investments are carried at their fair value, as determined by quoted market prices for investments that have readily available fair value. For investments for which a readily determinable fair value does not exist (e.g. private equities and alternative investments), the investments are valued at estimated fair values based on information provided by the fund managers. Because of the inherent uncertainty of valuation relating to the Foundation's investments in investee funds and their underlying investments, the estimate of fair value may differ from the values that would have been used had a ready market existed, and any difference could be material.

If a donor has not provided specific instructions, Illinois Compiled Statutes (760 ILCS 51/4) permits the Board of Directors to authorize for expenditure the net appreciation (realized and unrealized) of the investments of endowment funds. When administering its power to spend net appreciation, the Board of Directors is required to consider the Foundation's long-term and short-term needs, present and anticipated financial requirements, expected total return on its investments, price-level trends, and general economic conditions. Any net appreciation that is spent is required to be spent for the purposes for which the endowment was established.

The long-term objective of the endowment funds, as determined by the Board of Directors, is to achieve a total return in excess of its current spending rate policy over a twenty-year time horizon. The current rate of the spending rate policy is 5% per year, comprised of a 4.25% spending rate and 0.75% for administrative expenses. In addition to achieving the 5% spending rate policy, the policy asset allocation is designed to cover the costs of inflation, investment management/consulting fees, and other related costs. The spending allowance calculation is determined by taking the spending rate (currently 5%) times the investment portfolio's trailing twelve-quarter average market value, as of June 30th of each year. Any remaining return over the 5% spending rate will be retained for use in future years. As of June 30, 2011 net appreciation of \$10,864,408 is available to be spent, but is restricted to specific purposes. Also at June 30, 2011 the fair market value of certain endowment investments were below their original cost by \$505,954.

#### Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Foundation's fixed income investments as of June 30, 2011 and 2010, are disclosed as follows:

Effective Maturity	<u>0-1 Year</u>	<u>1-5 Year</u>	June 30, 201 <u><b>5-10 Year</b></u>	11 <b>10-15 Year</b>	<u>15-20 Year</u>	<u>Total</u>
The Illinois Funds Money Market Funds Mutual Bond Funds	\$3,679,257 1,130,238	\$ - - 7,780,402	\$ - 3,019,101	\$ - - -	\$ - - 1,199,120	\$ 3,679,257 1,130,238 11,998,623

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS - Continued

#### Interest Rate Risk - continued

Effective Maturity 0-:	1 Year	<u>1-5 Year</u>	June 30, 201 <b>5-10 Year</b>	.0 <b>10-15 Year</b>	15-20 Year	<u>Total</u>
• • • • • • • • • • • • • • • • • • • •	911,917 365,275 -	\$ - 410,817	\$ - 10,085,325	\$ - - -	\$ - 1,057,317	\$ 3,911,917 1,365,275 11,553,459

The Foundation does not have a policy that specifically addresses interest rate risk.

#### Credit Risk

Credit risk is the risk that an issuer or other counterparty to a debt investment will not fulfill its obligations. The Foundation has no specific guidelines addressing the credit rating of fixed income securities. The quality ratings for investments disclosed as of June 30, 2011 and 2010, are as follows:

June 30, 2011

3,999,837 \$ 12,830,814

Quality Rating	AAA	Not Rated
The Illinois funds Money Market Funds Mutual Bond Funds	\$ 3,679,257 111,388	\$ 1,018,850 11,998,623
Total	<u>\$ 3,790,645</u> June	<u>\$ 13,017,473</u> 30, 2010
Quality Rating	AAA	Not Rated
The Illinois funds Money Market Funds Mutual Bond Funds	\$ 3,911,917 87,920	\$ - 1,277,355 11,553,459

The money market funds administered by Charles Schwab & Co., Inc. do not have a quality rating, but the fund's policy generally limits investments to the top two tiers.

#### Custodial Credit Risk

Total

Custodial credit risk is the risk that when, in the event a financial institution or counterparty fails, the Foundation would not be able to recover value of deposits, investments or collateral securities that are in the possession of an outside party. The Foundation's policy does not address custodial credit risk. One hundred percent of the Foundation's investments are held by a custodian in the Foundation's name and are not subject to creditors of a custodial bank.

### NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

## 2 CASH AND CASH EQUIVALENTS AND INVESTMENTS - Continued

#### Custodial Credit Risk - continued

The Foundation's investments in The Illinois Funds, money market mutual funds, mutual funds, bond funds, equity funds and Federated Treasury Obligations Trust are not subject to detail disclosure because the Foundation owns shares of each investment fund and not the physical securities. Cash surrender value of life insurance and real estate are also not subject to disclosure.

#### Concentration Risk

The Foundation does not have any investments representing 5% or more of total assets in any single issuer. The Foundation does not have a policy that specifically addresses concentration risk.

The Foundation has not held foreign currency positions. Managers are authorized to participate in securities lending, but did not participate in securities lending other than participation in a mutual fund.

The Illinois Funds are in the custody of the State Treasurer and are pooled and invested with other state funds in accordance with the Deposits of State Moneys Act of the Illinois Compiled Statutes (15 ILCS 520/11). Details on the nature of these investments are available within the State of Illinois' Comprehensive Annual Financial Report. The Illinois Funds do not have any direct or indirect investments in derivative instruments.

The money market mutual funds, bond funds, equity funds and mutual funds have not disclosed to the Foundation whether derivatives were used or held during the period covered by the financial statements.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

## 3 PLEDGES RECEIVABLE - Continued

Unconditional pledges receivable due in more than one year are reflected at the present value of estimated future cash flows using discount rates from of 3.25% to 8.25%.

Uncollectible amounts for unconditional pledges receivable are expected to be insignificant. Accordingly, no provision is made for uncollectible amounts. No pledges receivable were determined to be uncollectible and written off during the fiscal years ended June 30, 2011 and 2010, respectively.

#### 4 CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2011 was as follows:

	6/30/2010	Additions	Deletions	6/30/2011

#### 5 LONG-TERM LIABILITIES

Long-term liability activity for the year ended June 30, 2011 was as follows:

	Balance June 30, 2010	Additions	Reductions	Balance June 30, 2011	Amounts due within one year
Demand mortgage note Annuities payable Due to others	\$1,437,238 994,064 5,679,962	\$ - 37,916 1,486,117	\$ 50,000 22,249 884,556	\$ 1,387,238 1,009,731 6,281,523	\$ 1,387,238 217,769
Total long-term liabilities	\$8,111,264	\$ 1,524,033	\$ 956,805	\$ 8,678,492	\$ 1,605,007

Long-term liability activity for the year ended June 30, 2010 was as follows:

	Balance June 30, 2009	A	dditions	Re	ductions		Balance ne 30, 2010		nounts due nin one year
Demand mortgage note Annuities payable Due to others	\$1,437,238 1,055,769 5,319,459	\$	- 660,483	\$	- 61,705 299,980	\$	1,437,238 994,064 5,679,962	\$	1,437,238 209,698
Total long-term liabilities	\$7,812,466	\$	660,483	\$	361,685	<u>\$</u>	8,111,264	<u>\$</u>	1,646,936

The demand mortgage note payable was incurred to a bank for the purchase of land and construction of the Foundation center, known as the Neal Welcome Center. The building, as well as two unitrust gifts were pledged as collateral on this note. Accrued interest is payable on demand, but if no demand is made, then on the 10th day of each month. At June 30, 2011 the interest rate on this note was 5.25%. The principal is payable on demand, but if no demand is made, then on August 5, 2014. At June 30, 2010 the interest rate on this note was 5.75%.

### **Maturity Information**

The scheduled maturities of the mortgage note payable, if no demand is made, are as follows:

	5.5	_•t	Intoract	ı	Total Payments
Fiscal Year	Princ	cipal	 Interest		- dyfficiles

2013		-	72,830		72,830
2015	1,3	87,238	 7,183		1,394,421
Totals	\$ 1,3	87 <u>,</u> 238	\$ 225,673	\$	1,612,911

### NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

# 6 SIGNIFICANT TRANSACTIONS WITH THE PRIMARY GOVERNMENT

The Foundation has a contract with Eastern Illinois University in which the Foundation has agreed to aid and assist the University in achieving it's education, research and service goals by developing and administering gifts made to the Foundation to be used for the benefit of the University for scholarships, grants and other supporting programs. The University agreed, as a part of this contract, to furnish certain services necessary to the operation of the Foundation which are to be repaid by the Foundation either in the form of money or its equivalent in services or resources.

During the years ended June 30, 2011 and 2010, the University provided cash, services and other resources to the Foundation totaling \$230,330 and \$198,978, respectively, to help defray the Foundation's costs incurred under the contract. During the years ended June 30, 2011 and 2010, the Foundation incurred expenses of \$151,705 and \$120,353 under the contract, respectively.

During the years ended June 30, 2011 and 2010, the Foundation gave the University \$1,466,003 and \$1,670,015, respectively, of cash, services and resources, unrestricted or restricted only as to department, which were generally for on-going operations of the University. In addition, the Foundation gave the University restricted scholarships, grants and awards of \$809,851 and \$884,338 during the years ended June 30, 2011 and 2010, respectively. Services and resources totaling \$76,402 and \$75,545 for the years ended June 30, 2011 and 2010, respectively, are included above, but not reflected in the financial statements. Also, the Foundation received \$26,274 and \$12,480 for the years ended June 30, 2011 and 2010, respectively, in gifts from the University's restricted gift accounts with the donor's consent and \$146,000 from a University grant account for both fiscal years.

Pursuant to governmental accounting standards, the Foundation is required to recognize as revenue, and expense those on-behalf payments for fringe benefits made by the State of Illinois to the State Universities Retirement System for University employees who work at or support the Foundation. These payments (estimated at \$170,151 in 2011 and \$137,295 in 2010) are the amounts shown as Budget allocations from the University and Budget expended at the University in the Statements of Revenues, Expenses and Changes in Net Assets.

#### 7 FUNDS HELD IN TRUST FOR OTHERS

The Foundation has been named Trustee and Executor of the Residuary Trust (the Trust) as stipulated in the Last Will and Testament of H. Ogden Brainard. It is the responsibility of the Trustee to hold and administer the Trust for the uses and purposes stipulated in the will. The Foundation's responsibilities as trustee include paying certain bequests (which were disbursed in March 1993) and paying the net income of the Trust to certain charities as stipulated in the Trust, not less frequently than semi-annually.

The Foundation agreed to act as a successor corporate trustee for the William Forest Buckler Trust, a trust under the will of William Forest Buckler. It is the responsibility of the trustee to hold and administer the trust for the uses and purposes stipulated in the will. The will names Eastern Illinois University, not the Foundation, as the beneficiary of the remainder of the trust estate after the expiration of the trust.

The Foundation is the trustee of two unitrusts of which half of the remainder interest is to be distributed to other charitable organizations. Accordingly, one half of the remainder interest is included in the due to others classification on the Statement of Net Assets.

## NOTES TO THE FINANCIAL STATEMENTS, CONTINUED

FOR THE YEARS ENDED JUNE 30, 2011 and 2010

### 7 FUNDS HELD IN TRUST FOR OTHERS - Continued

The assets of these trusts totaled \$6,281,523 for 2011 and \$5,679,962 for 2010. They are included in the cash and investment classifications within the financial statements. Also, the related liability of \$6,281,523 for 2011 and \$5,679,962 for 2010 are included in the due to others classification within the financial statements.

#### 8 RISK MANAGEMENT

The Foundation is exposed to various risks of loss including, but not limited to, general liability, property casualty and director and officer liability. The Foundation is liable for up to \$500/year deductible for property damage. No significant reduction in insurance coverage from the prior year occurred. Insurance settlements did not exceed coverage in each of the past three fiscal years.

### 9 FUNCTIONAL CLASSIFICATION OF EXPENSES

Operating expenses by functional classification for the years ended June 30, 2011 and 2010, are summarized as follows:

	 2011	 2010
Institutional Support Depreciation	\$ 1,093,577 28,643	\$ 896,932 28,643
Depresidation	\$ 1,122,220	\$ 925,575

#### 10 COMMITMENTS

The Foundation has entered into investment agreements with Park Street Capital Private Equity Fund VII, L.P., Park Street NRF IV, Portfolio Advisors, and Goldman Sachs Distressed Opportunities Fund IV to purchase an interest in their limited partnerships for \$1,000,000, \$500,000, 1,250,000, and \$1,500,000 respectively. The Foundation was not required to invest the total commitment all at once. Instead, they are required to meet capital calls when the partnerships ask for additional capital to complete their original commitment. Below is a breakdown of the agreements as of June 30, 2011:

	Park Street VII	Park Street NRF IV	Portfolio Advisors	Goldman Sachs	Total
Commitment	\$1,000,000	500,000	\$1,250,000	\$1,500,000	\$4,250,000
Capital Called through June 30, 2011	(830,000)	(170,000)	(295,704)	(582,529)	(1,878,233)
Distributed capital deemed recallable			•	59,044	59,044
Remaining Commitment June 30, 2011	\$170,000	\$330,000	\$954,296	\$976,515	\$2,430,811
