Program Revision Request: B.S. in Education in Elementary Education  
General Option Concentrations

Reason for the Request:

The Early Childhood, Elementary and Middle Level Education Department has been reviewing data from a variety of sources including: Content Area Test scores, advisory committee feedback, candidate feedback, and comments from our public school representatives on our Department Curriculum Committee. Additionally, course requirements for the Middle School Option and the General Option have been reviewed for consistency and relevancy. The data indicated (1) the 6 hour upper-division requirement sometimes prohibited a candidate from taking coursework that could assist in the preparation for the Content Test or take courses that would enable candidates to obtain knowledge required of elementary teachers in the content areas and (2) in the science and social science concentrations the General Option and Middle School Option coursework was not aligned nor consistent with elementary/middle level curriculum in the public schools. In an effort to assist our candidates to improve performance on the Content Test, obtain knowledge required of elementary teachers teaching in content areas, and to better align General Option and Middle School Option coursework the following changes are requested.

APPROVALS:

Date approved by the department: April 29, 2011

Date approved by the CEPS Curriculum Committee: September 12, 2011
