

Music Curriculum Committee
Music with Teacher Licensure Option: Vocal and General Concentrations
Catalog Revisions
December 10, 2019, edited Jan. 13, 2020

Summary of Proposed Changes

- In assessing our music program, we noted that many of our students would benefit from a stronger background in keyboard skills. A review of other programs at peer institutions revealed that most degrees require 3 or 4 semesters of piano skills, while our program requires only 2. These additional courses will provide additional background in piano to help make our students stronger musicians while more effectively preparing them for careers in music teaching and performance.
- Additionally, Dr. Liza Meyers, our new Unit A Vocal/General Teacher Licensure specialist completed a thorough catalog review prior to starting the academic year. She has put forth course proposals recommending two new courses be added to the curriculum for general and vocal teacher licensure majors. The addition of these requirements will more effectively prepare our vocal and general music teacher licensure students for future teaching positions.
- Language regarding the Test of Academic Proficiency (TAP) has been removed.
- Catalog formatting has been adjusted for clarity and to align with the new degree audit
- Applied Study requirement has been clarified and moved from the core to the concentration.
- Remove General Music Concentration electives.
