Dear Student:

The Office of Financial Aid strongly recommends that all students apply Financial Aid through the Free Application for Federal Student Aid (FAFSA) prior to applying for Private Loans. A FAFSA application may provide free or low interest funding. In most cases, Federal Direct Loans offered via the FAFSA application have a lower interest rate than many private loans.

According to our records, you have applied for a private/alternative loan. However, as of this writing you have not filed the FAFSA, or have not completed the verification documents required to process an award package.

Please note: we **CANNOT** process your private loan without having a fully processed/verified FAFSA or this form. If you intend to complete the FAFSA and/or verification process, please contact our office immediately so we may assist you appropriately.

If you have any questions, please do not hesitate to contact our office at the above number or email.

Thank you,

Office of Financial Aid and Scholarships
