Suites in Urbana, IL. Please sign up [HERE!](#)

The training will be covering comprehensive programs to address alcohol and other substance abuse often involve coalitions, but creating and maintaining coalitions can be challenging. Attendees will understand how to effectively engage their campus environment to create meaningful change. They will identify needs, key stakeholders, leadership, meeting management, creating lasting change, and sustaining the coalition. They will learn about the nuts and bolts of three long-time Purdue coalitions and how they work to transform their campus environment in a meaningful way, in addition to how a newer professional to the field is developing a coalition for fall 2018.

Cannabis on Campus: Facts, Discussion, Action Steps
Presented by: Kelly Lynn Clary, MSW Social Work PHD
Student at University of Illinois in Champaign-Urbana

The training will be held on May 14th at Eastland Suites Hotel & Conference Center in Champaign-Urbana from 9am to 1pm

Registration: Coming soon

The 4-hour training aims to provide valuable information about the prevalence and perceptions of marijuana use in the United States, more specifically the use of college students and the negative effects due to marijuana use/misuse. In addition, we will engage in various dialogues on current intervention strategies, experiences with college students using marijuana, and current research around this topic. Lastly, a critical discussion about strategies to assist college students with decreasing their use will conclude the workshop by brainstorming feasible action steps.
