Note:
This plan assumes that the foreign language requirement has been met prior to enrolling at Eastern. Additionally, this plan shows how to potentially fit in required course work for the major and for general education. Additional coursework and electives may be needed in order to complete the 120SH graduation requirement.

If a student is not ready for CSM 2170 in their first semester, the department strongly recommends the student take CSM 1000 in the first semester.
