C. Contract Renewal and Successor Agreement for Operating Engineers, Local 399

Contract Renewal and Successor Agreement Operating Engineers, Local 399

Labor Agreement:

A tentative agreement was reached between

the parties through mediation with FMCS on November 4, 2020, to renew a one year successor Agreement with no changes except for wages and compensatory time. There are approximately 7 employees in the bargaining unit. The Agreement was ratified on November 10, 2020. The effective date of the contract is August 1, 2020, through July 31, 2021.

Cost of Settlement:

The parties agree that this unit will receive a one percent (1%) across the board increase. In addition, a one-time sign on bonus will also be issued in the amount of \$250.00, for each member.

Estimated Cost of the Increases:

1% wage increases, effective August 1, 2020	\$5,242
Sign-on bonuses, effective upon BOT approval	\$1,750
Total Cost	\$6,992

D. Proposed Revision to Board Regulation IV.J.2.b (Second Reading)

Second Reading

Recommended revision to Board Regulation IV.J.2.b to read:

J. Intercollegiate Athletics Policy

- 1. An intercollegiate athletics program is an important and worthwhile activity. A properly administered program can make a significant contribution to the quality of campus and student life.
- 2. The primary responsibility for management of an intercollegiate athletics program rests with the University President. The President's exercise of that responsibility is subject to applicable law and Board policies, including the following:
 - a. The President shall inform the Board in advance of any action or proposal significantly affecting the intercollegiate athletics program, including: (1) proposals to change conferences; (2) athletic associations or divisions; or (3) to add or drop sports.
 - b. State appropriations may be used to support the intercollegiate athletics program. but no more than one and a half percent (1.5%) of the University's annual state appropriation may be expended for intercollegiate athletics unless approved by the Board.
 - c. Student athletic fees may be used to support the intercollegiate athletics program, but increases in such fees should normally not exceed the projected rate of inflation for the year in which the increase is to take effect. Proposals to increase student athletic fees should not be presented for Board approval without prior consultation with appropriate student advisory bodies.
 - d. Every effort should be made to minimize reliance on state appropriations and student fees as revenue sources for intercollegiate athletics.
 - e. The President shall prepare an annual report for the Board on intercollegiate athletics that shall include appropriate financial and program information.

It is recommended that the Board of Trustees approve this revision to the Board Regulation IV.J.2.b

E. Proposed Modification to Faculty Senate Constitution

Proposed Modification to the Faculty Senate Constitution

Proposal

The Faculty Senate constitution currently states that a faculty member must be in at least their fourth semester of appointment at the university to be eligible to run for elected university committee positions. The Faculty Senate proposes to remove the following eligibility criteria from the Faculty Senate constitution.

- Article IV Section 2. "Members of the faculty, as defined by Article I, shall become eligible for election to the Faculty Senate in their fourth semester of appointment in the university.
- Article VI Section 6. c) "Any member of the faculty who is in at least their fourth semester of appointment at the university shall be eligible for nomination and election to any of the standing committees of the faculty"
- Elected standing committees include CAA, COTE, CGS, and CFR

Rationale

The Faculty Senate has seen a reduction in the number of faculty candidates running for elected positions on university committees due to fewer total faculty numbers and the reorganization of colleges that resulted in three smaller colleges (COE, CHHS, LCBT), and one larger college (CLAS). The associated demand for college representation on various committees is taxing the service capabilities of the faculty. In addition:

- 1. It allows new faculty who may have experience in similar roles at other institutions to run for elections sooner.
- 2. It creates more equitable access to university service which can be a valuable component of a non-tenured faculty member's evaluation portfolio.
- 3. Allowing newer faculty to serve can give the Faculty Senate greater opportunity to question and reflect on existing policies and processes that may need improvement.

It is recommended that the Board of Trustees approve the modification to the Faculty Senate Constitution.

F. Temporary COVID-19 Emergency Paid Sick Leave Policy

In response to the COVID-19 pandemic, the federal government created the Emergency Paid Sick Leave Act which, among other things, provided for two (2) weeks of paid sick leave (at regular rate of pay) for qualified employees who were experiencing COVID-19 symptoms and required to isolate or advised by a health care provider to quarantine because of a close contact with an infected individual. The Emergency Paid Sick Leave Act sunsetted on December 31, 2020.

In support of the health and safety of campus, Eastern Illinois University has established this Temporary COVID-19 Emergency Paid Sick Leave Policy. This policy extends some of the benefits awarded through the Emergency Paid Sick Leave Act – specifically, when an employee experiences COVID-19 symptoms and is required to isolate or is advised by a health care provider to quarantine because of close contact with an infected individual.

Eligibility for this policy:

To be a qualified employee, the employee must have completed 30 days of employment and not exhausted any of the two (2) week paid benefit that they may have received under the Emergency Paid Sick Leave Act in 2020.

Current work schedule and status define the benefit payable under this Policy.

As with the Emergency Paid Sick Leave Act, employees of the Student Health Clinic are specifically excluded from eligibility under this policy.

Paid sick leave:

Qualified employees may receive up to two (2) weeks of paid sick leave for periods of time for which they are themselves experiencing COVID-19 symptoms and required to isolate or advised by a health provider to quarantine because of close contact with an infected individual. An employee's benefit under this Policy is offset by any time taken under the Emergency Paid Sick Leave Act in 2020.

This paid sick leave may only be taken in whole day, consecutive increments based on CDC and IDPH guidelines for isolation and quarantine. Intermittent leave is not available.

Policy Sunset:

This policy will sunset on June 30, 2021.

This benefit does not cover caring for other individuals who are experiencing COVID-19 issues as the original act covered. An employee caring for another individual will be required to use their personal sick/vacation leave. This benefit also does not cover caring for a child unable to attend day care or school.

<u>It is recommended that the Board of Trustees approve this Temporary COVID-19 Paid Sick Leave Policy retroactively to January 1, 2021.</u>
